

## **Project Formulation Division**

Project Formulation Division is the Nodal Division for the following departments.

- **Agriculture and Watershed Development**
- **Horticulture**
- **Animal Husbandry, Dairy Development and Fisheries**
- **Forest, Ecology and Environment**
- **Revenue**
- **Department of Public Enterprises**
- **Department of Personnel and Administrative Reforms**
- **E-Governance**

The division plays an important role in examine the project proposals and policies proposed by the department. During 2015-16 the division has given opinion for 71 Plan Schemes of nodal Departments.

The Division provides support to the nodal departments in preparing the Economic Survey. The Division also assists the Nodal Departments in the preparation of Draft Annual Plan and Five Year Plans.

The Division attends to the MPIC meetings and TAP committee meetings of the nodal departments.

Quarterly, half yearly and annual reports of the division is regularly prepared.

Director, PF Division is the member in the TAP committee of e-Governance.

Director, PF Division is the Convenor of the Task Force for Agriculture Department.

Director, PF Division is the member for EAP Committee.

### **Officers working in Project Formulation Division**

<b>Sl.No</b>	<b>Name</b>	<b>Designation</b>
1	M.Vijendra Babu	Director
2	M.Chandrakala	Deputy Director
3	J.P.Arakerimath	Deputy Director
4	S.R.Satya Kumar	Assist. Director
5	M.K. Usha	Assist. Director
6	Savita Dayananda	Assist. Director
7	Nalina S. Murthy	Assist. Statistical Officer
8	Shwetha	Stenographer
9	Rajaahmad	Typist

**The guidelines to prepare MPIC is as follows:**

**MONTHLY PROGRAMME IMPLEMENTATION CALENDAR (MPIC)****Guidelines for preparation**

The Monthly Programme Implementation Calendar is a system intended to facilitate effective and timely implementation of Government's programmes. MPIC involves detailed planning of important activities which form part of the process of implementation of a programme / scheme and arranging them in appropriate sequence according to a monthwise schedule. The monthwise schedule of activities for the implementation of a programme will help the implementing officers at the state, district, taluk and other levels to take up the programmed activities in a timebound manner according to a planned schedule for optimum results. This will avoid programmes being implemented without adequate preparation, or being unduly delayed. This will also avoid rush of expenditure by government departments towards the end of the financial year.

2. MPIC may be considered as an extension of the Monthly Multilevel Review (MMR) system, which is in operation in the State since the early 1980's. Apart from indicating the physical and financial targets to be achieved under a programme during different months/parts of a financial year, MPIC will also depict the typical activities to be taken up for implementing the programme every month. Thus, even if no physical or financial targets / milestones are expected to be achieved in a given month, the preparatory activities for achieving the programmed targets during subsequent months are shown in the calendar. The completion or non completion of the activities programmed for every month is reported to enable implementing officers and reviewing authorities to take corrective action on a timely basis so that the targets are achieved within the time allowed for implementing the programme. The use of MPIC reports in the monthly meetings (MMR meetings) in place of the earlier MMR formats is therefore expected to substantially improve the quality of implementation of various government programmes.

3. The MPIC report is to be prepared for every plan scheme including the schemes relating to salaries and other establishment expenditure, and every non-plan scheme excluding the schemes / provisions meant for salaries and office expenses. Thus, plan schemes like Direction and Administration, even though relating to creation of posts and payment of salaries, are included in the MPIC while such items of non-plan expenditure are excluded. Thus, non-plan schemes / programmes like maintenance of buildings, disbursement of scholarships, purchase of medicines, etc., are all included in the MPIC reviews.

4. The MPIC reports are to be submitted strictly complying with the MPIC format as shown in Annexure-II. At the top of the MPIC format information is furnished in respect of the budget available for a programme / scheme including details of the head of account. Information is also to be furnished on the release of funds up to the end of the month under review, along with any funds carried over as opening balance from the previous financial year/s. The physical targets to be achieved during the financial year corresponding to the

budget allocated (and opening balance, if any) are indicated along with the expected outcome of the programme. While the physical targets relate to the achievements in specific units during the year, the expected outcomes indicate the overall impact of implementing the programme over its intended duration. For example; the physical target for providing scholarships to school children may include the number of children to be assisted during a year while the outcome of the scheme may be improving the rate of literacy in the State/District to a certain desired percentage. The information relating to the budget allocation, funds released, physical targets, and the intended outcome of a scheme are intended to summarise the long term and short term objectives of the scheme as also the funds available for its implementation.

5. The major portion of the MPIC format includes the monthly rows to indicate the programmed targets for expenditure and physical progress as also the actual expenditure and progress achieved, as was being depicted in the MMR formats. Against each month the key activities to be taken up during the month (or two months) are listed in the order in which these activities are performed for effective implementation of the scheme. The completion or non completion of the activities is indicated in the last column.

6. At the bottom of the MPIC format the cumulative programme for expenditure and physical progress as well as the actual achievements are indicated for the month under review as was being done in the MMR format. In addition space is provided for Notes / Issues which is intended to enable the reporting officers to highlight any outstanding factor in implementing the programme as also any problem or issue to be addressed / decision required to facilitate implementation. For example, this space may be utilised for highlighting any progress achieved ahead of schedule, or any strategy adopted to improve the quality or speed of implementation. This space can also be used to indicate the need for release of funds or sanction of some proposal to facilitate the implementation of the programme. Such information will enable the Heads of Departments and other reviewing authorities to initiate action to clear bottlenecks and support more effective implementation of programmes.

7. In typical development departments like Agriculture, Horticulture, Education, Public Works, etc., the responsibility for implementation of programmes goes down to the officers at the Taluk / Sub-division level. The responsibility for reviewing the programmes rests with authorities at the District / Division, State Headquarters / Directorate, and the Secretariat / Ministry levels. Therefore, MPIC formats for most departments are to be prepared separately at the State level by the Head of the Department, at the District / Division level by the District / Division Heads, and at the Taluk / Sub-division level by the concerned implementing officers. In respect of Departments which do not have district / taluk level establishments the Principal Secretaries / Secretaries to Government may specify the authorities including Boards and Corporations which will report progress for MPIC reviews.

8. The MPIC format for each plan / non-plan scheme is to be prepared at the beginning of the financial year as soon as the budgetary provisions and targets are available to the Head of the Department. These provisions and targets are then allocated to different districts,

divisions, taluks and sub-divisions to enable the preparation of MPIC formats at those levels. The schedule of activities will differ from State to the District level and District to the Taluk level as tasks to be performed by different levels will vary. The activities may also differ from district to district depending upon various factors including agroclimatic conditions etc.,. It is necessary that at each level the concerned authority carefully lists out the important activities forming part of the implementation programme and arranges them according to the most appropriate month or quarter for performing each of the activities. It is advisable that the schedule of activities is worked out by each Head of the Department / District Officer after discussion with officers below him who are responsible for the implementation of the scheme. A few model MPIC formats prepared as above are enclosed for reference.

9. The progress achieved in the implementation of schemes is to be reported in the MPIC formats by Taluk, District and State authorities in the same manner as in the case of MMR reports. At each level, the progress reported by the lower levels is to be consolidated for review and for reporting to the next higher level. The review of MPIC reports will take place in the Monthly Multilevel Review (MMR) meetings as per the current practice.

10. For the year 2008-09 MPIC formats will be prepared immediately for being reviewed from December 2008 onwards. These MPIC reports will incorporate the cumulative progress reported so far in the MMR formats along with the progress of activities already performed in implementing each scheme.
